Stainless Steel, Nickel, Titanium

Tube & Pipe

Stainless Steel, Nickel, Titanium

Flat Bars

Stainless Steel, Nickel, Titanium

Our core competencies

Since 1979, we have been operating as an internationally active trading company and supplying our customers with semi-finished products in high-performance materials from stock and from new production.

Products

We have an extensive range of nickel-based materials, titanium/titanium alloys and special stainless steel materials. Our wide range of products, stock and services are unique.

Logistics

We can deliver immediately from stock from service centres in Europe and Asia. We have been a reliable supplier of high performance goods since 1979.

We live quality

We are certified according to ISO EN 9001 & EN 9120, work only with audited suppliers.

Services

In our Warehouse we can cut materials to size for plate and bar, plate thicknesses from 5 mm to 600 mm and bar diameters from 3 mm to 300 mm.

What we offer

Assortiment

We have well-stocked warehouses in Malaysia, Korea, Switzerland (Möhl), Germany, Poland, the Czech Republic, Hungary, United Kingdom, Romania and China.

Advice (Consulting)

Our office and field service with experienced specialists as well as factory technicians and metalworkers have many years of expertise.

Fittings

For all materials from our list: Elbows, reducers, T-pieces, flanges, flares and more.

Machining facilities

We offer cutting services, shearing, sawing, burning (plasma/laser), water jet cutting, heat treatment, customised products and free-form forgings – all including delivery.
