

## BIBUS HYDRAULIK

BIBUS HYDRAULIK AG is one of the leading trading and service companies for hydraulic system solutions in Switzerland. From engineering to design, consulting, sales, service and maintenance, we offer a complete range of services in the field of hydraulics, both mobile and stationary.

For our mobile automation team, we are looking for a responsible and independent person to join us immediately or by arrangement.

### **Automation Engineer FH/HF Electronics/Hydraulics (100%)**

#### **What you can do**

- Development and realisation of projects in the field of control systems for mobile machinery such as rail, agricultural, forestry and municipal vehicles
- Software development of customised applications, primarily for mobile drive systems (hydraulic and electric)
- Realisation of projects from concept to final commissioning / series production readiness
- Project-related customer support in the field (approx. 20% travelling, also internationally)
- Technical support for cross-departmental projects

#### **What you bring with you**

- Basic technical training in the field of vehicle / mechanical engineering
- Further training as an engineer FH or technician HF in systems engineering, automation, electrical engineering or similar
- Experience in programming electronic control systems
- Knowledge of hydraulics, vehicle electrics and/or electric drives is an advantage
- Languages: German, English (business fluent) and French (an advantage)
- ERP knowledge: AXAPTA an advantage
- Reliable, independent, and precise way of working

#### **Our advantages for you**

- You can expect varied and interesting tasks with a high level of personal responsibility and a high degree of independence in a dynamic working environment.
- In addition to good social benefits and progressive employment conditions (5 weeks' holiday, home office, 42-hour week, bridging days, flexitime, free parking, company events), you will find a modern workplace with us.
- We offer transparent and uncomplicated working conditions in a family-orientated company.

We have a good image in the industry. Gain a multifaceted insight into our exciting activities at [www.bibushydraulik.ch](http://www.bibushydraulik.ch).

#### **Your contact**

Does this multifaceted challenge appeal to you? Then we look forward to receiving your detailed application documents with photo to Mrs Marisa D'Elia ([del@bibus.ch](mailto:del@bibus.ch)).

If you have any technical questions about the advertised position, please call Mr Ewald Müller on 044 877 52 96 for further information.

**BIBUS HYDRAULIK AG**, Allmendstrasse 26, 8320 Fehraltorf
